700 Employees/1,200 Employee Moves

Features

- 22 month Renovation Project
- Complete Office Renovation

Project Duration

September 2006-December 2008

Project Overview

The Macy's project involved management of relocations relating to the interior renovation of their Corporate Headquarters. Over a 22 month period, RSI was responsible for shuffling 700 people out of the way of a major renovation/construction effort. Since many employees had to move twice, the project involved more than 1,200 employee moves. Prior to June 1, 2007 Macy's was known as Federated Department Stores, Inc.
